

Design pattern: Evolve Predictive Analytic Capabilities

Version 11

Published 8/10/2017 by [tpeluso](#) Last updated 5/30/2019 8:56 PM by [tbonnemann](#)

Step five of the [Analytics Blueprint](#): Prevent demand spikes that can destroy user experience for systems of engagement or complex modeling engines. Leverage an ecosystem of data gathering and analytic processing service providers within interconnected nodes.
