

# Design Pattern: Protect Content Compliance

Version 11

Published 8/10/2017 by [tpeluso](#) Last updated 5/30/2019 8:36 PM by [tbonnemann](#)

Step four of [Content Delivery Blueprint](#): Guarantee timely and relevant regulatory compliance and brand-enhancing personalization services by driving policy enforcement decisions to local regions through edge-based service chaining. Deploy edge repositories that protect users and log required events.
